Meeting Your Chauffeur at Boston Logan

Your chauffeur will meet you at the official Massport limo stand for your terminal. Chauffeurs are not permitted inside the terminal or at the arrivals curb, so please follow the directions in this guide once you have your bags.

Please call or text your driver once you have your luggage

so your chauffeur can pull up to the stand. Your terminal is printed on your boarding pass. At any terminal, you can also follow the overhead signs for **Limos** or **Ground Transportation**.

Staying in contact with your driver is crucial at Logan.

Massport strictly limits how long vehicles can wait at the limo stands, and stand locations can shift with construction. Keep your phone on after you land, and let your driver know when you're at baggage claim, when you have your bags and when you're on your way out. If you get turned around, call your driver right away rather than wandering, and they will guide you to the stand.

We also use WhatsApp.

International guests can message their driver on WhatsApp at the driver's number over Logan's free Wi-Fi, even without a US phone plan.

Prefer the airport's own map? See Massport's official limo stand map at massport.com (Getting to Logan › Taxis and Limos).
